

Invitation to the Dembowski Model United Nations 2023

Dear students,

On behalf of the Secretariat, it is with great pleasure that we invite you to attend the Dembowski Model United Nations 2023, conference held for the first time in Gliwice, in our school. It will take place from Friday 1st December to Sunday 3rd December 2023. We will be welcoming Delegates and Guest Chairs from all parts of Poland and beyond, in our halls and in the Silesian University of Technology, the venues of our event. DEMUN 2023 is organised entirely by the students of DP2 with significant MUN experience and we would like to share our knowledge in the field with other students of our school, as well as provide you with a chance to start debating in a familiar environment. For those unfamiliar with the concept, we will hold an introductory meeting so that you feel comfortable and assured during the event.

Model United Nations conferences are simulated debates of UN committees. Participants play the role of Delegates representing member countries of the organisation. In each committee, moderated by experienced students in the role of chairs of the debate, the delegates focus on one problem and attempt to reach a realistic solution that represents the interests of their country as well as follows the values and rules of United Nations Organisations.

DEMUN 2023 consists of five Committees, debating a variety of topics:

1. Security Council - an advanced committee with a complex problem of addressing the ongoing crises caused by the Coup d'état in Niger.
2. UN Office on Drugs and Crime - which will attempt to delve into the problem of prevalence of corruption in sports, including match-fixing and doping.
3. Disarmament and International Security Committee - which will have to find ways to strengthen the protection of critical infrastructure in the face of cyber threats and attacks.
4. World Bank - attempting to improve coordination and information sharing between global institutions, in order to prevent a future financial crisis.
5. Crisis Committee - with a topic announced on the first day of the conference resembling a real-life crisis.

The event is a chance for both experienced debaters and students attending such an event for the first time to develop their public speaking skills and ability to form arguments, while learning to take part in successful cooperation and exploring the issues of global importance.

Important information:

- The official language of the event is English.
- We welcome all high school students above the age of 14.
- The delegate applications are already open, to take part in the conference it is necessary to apply through <https://mymun.com/conferences/demun-2024>
- The Delegate fee is 140 zł. It covers all the materials necessary in the debates, lunches and refreshments in between sessions.

If you have any questions, contact us at dembowskimodelun@gmail.com or on instagram @demun_23. Feel free also to talk to members of the Secretariat at school or contact Hanna Frej, the President of the General Assembly of the conference on messenger.

Follow our instagram to see all of the updates. Below we provide you with an infographic with the most important information.

We hope to see you 1st December during DEMUN 2023!

Sincerely,

The Secretariat

Dembowski Model UN

01.12-03.12.2023

What is MUN?

Model United Nations conferences are simulated debates of UN committees. Participants - high school students - play the role of country delegates present at UN sittings. Throughout the course of your committee sessions, you will debate with other delegates, aiming to solve the presented problem with a committee resolution, while making sure your country's interests are represented.

Czym jest MUN?

Konferencje Model United Nations to symulowane obrady organów ONZ. Uczestnicy - licealiści - wcielają się w rolę delegatów państw. W trakcie trwania obrad twojego komitetu, będziesz debatować wraz z innymi delegatami nad rozwiązaniem wybranego problemu i stworzysz rezolucje, nie zapominając o interesach swojego kraju.
